12^e Rencontres

12th Annual Meeting

from local to international action

Tuesday 29th June 2021 - Cité des Sciences et de l'Industrie - Paris

Invitation

Tuesday 29th June 2021,

Cité des Sciences et de l'Industrie, Paris

Institutional partners:

12th edition of the Paris Meeting: "The international action of local authorities at the heart of global issues – engagements and solutions for climate"

Global climate challenges impact us more and more in our local way of life and bring us, elected authorities, to rethink our social organization, to produce a transversal approach, to be able to define the problem at all levels of public policy. The international action of our local authorities is obviously very much concerned. International action is essential for the process of sharing and developing solutions, solutions that will enable us to cope with these challenges in order to be more respectful of our environment. We have to increase our own responsibility for **Sustainable Development Goals (SDGs)**, of which territorial implementation is already acknowledged.

Cités Unies France, with more than 40 years of experience in supporting French local authorities in international cooperation, is organizing this **12th edition of the annual Paris Meeting of local authorities' international action, on the 29th of June 2021, at the Cité des Sciences et de l'Industrie, Paris - La Villette**, with a **focus on climate issues**. More than ever, we are certain that climate issues have to be implemented in local authorities' public policies, with an inclusive and social aspect.

This year, CUF's "Rencontres" offer to explore these main themes:

- Is climate change responsible for new **world crises**?
- Is climate change **'gendered'**?
- How is **the youth** mobilized on climate issues?
- How to pursue work on **Sustainable Development Goals (SDGs)**?
- How to strengthen the **territorial animation** of the local authorities' international action?

I look forward to meeting you in Paris on the 29th of June: I wish for this event to be, more than before, the place where you can share your experiences, or find partners to work on shared topics, to debate and to find solutions together with the French and foreign local authorities.

François Rebsamen
President of Cités Unies France
Mayor of Dijon
President of Dijon Métropole

Tuesday 29th June:

- 8:30AM-9:00AM** Welcoming participants
